EDUCATION

B.Tech Computer Science and Business Systems

Chennai Institute of Technology, Chennai

CLASS 12 (ISC board)

Excel Central School, Kanyakumari

CLASS 10 (ICSE board)

Excel Central School, Kanyakumari

2023-2027

CGPA: 9.56

2022-2023

PERCENTAGE: 95.4

2020-2021

PERCENTAGE: 92.8

PROFESSIONAL EXPERIENCE

Frontier Tech Intern

NITI Aayog, Delhi, India

05/05/2025 - 27/06/2025

- Contributed to building India's Use Case Repository by working on its structure, features, and frontend modules.
- Worked on Viksit Bharat report covering Blue & Green Economy and mobility C transportation strategies.

Software Developer Intern

Code Layer Technologies, Trivandrum, Kerala, India

30/12/2024 - 30/01/2025

- Developed student management, attendance, and timetable modules in Odoo 16 ERP.
- Designed custom menus and views to enhance usability and data handling.

Undergraduate Research & Review Intern

Chennai Institute of Technology, Chennai, Tamil Nadu, India

01/11/2024 - 31/12/2024

- Researched AI-driven traffic solutions for smart cities, and mental health diagnostics using multimodal data.
- Prepared publication on emotion recognition and AI innovations for healthcare and urban planning.

AI Intern

Speridian Technologies, Technopark, Trivandrum, Kerala, India

06/05/2024 - 20/06/2024

- Built an Outlook VSTO Add-in integrating ChatGPT and ASP.NET Core for automated email creation.
- Enhanced email workflows, enabling efficient and accurate communication for employees.

PROJECTS

GraminAI | HTML, CSS, JavaScript (React), Python

- Designed an AI-based web platform to help farmers predict crop diseases and market prices using data-driven insights. Integrated frontend features with React and built Python APIs for real-time analytics. Aimed at empowering rural communities with accessible, tech-enabled agricultural support.

Inter-Ease | HTML, CSS, JavaScript, API keys

- Developed a web platform to streamline internship program management for students, companies, and administrators. Implemented modules for application tracking, profile management, and company-student interactions. Enhanced user experience with intuitive design, secure authentication, and real-time status updates.

Resume Analyzer | Python, Streamlit, Gemini API, PyPDF2

- Developed an AI-powered resume analysis tool to evaluate resumes and provide tailored feedback. Designed a scoring system using Gemini API to assess industry readiness and highlight improvement areas. Enabled users to receive actionable suggestions, boosting their chances of success in competitive job markets.

Smart India Hackathon Project- Disha Mitra | JavaScript, Python

- Built an AI-powered student assistant chatbot for the Department of Technical Education, Government of Rajasthan. Designed to guide students with academic queries, departmental information, and career support. Contributed to SIH 2024 as a team project addressing educational accessibility.

College Management System | JavaScript, Python, SCSS, CSS, HTML, Shell

- Built modules for student, teacher, and attendance management in Odoo 16, integrating comprehensive access controls. Implemented features like timetable linking, attendance tracking, data validation, and archival for efficient management. Improved overall usability and data integrity through custom views, filters, and streamlined workflows.

Data-Visualization using Gemini | Python, Streamlit, Pandas, Matplotlib

- Created an AI-assisted visualization tool that generates charts and insights from textual prompts and raw data. Enabled users to identify key patterns and trends through automatically generated, interactive visualizations. Provided AI-driven summaries to simplify complex datasets, enhancing decision-making and data storytelling.

SKILLS

Languages: C++, C, Python3, Java, JavaScript, HTML, CSS

Frameworks & Libraries: React.js, Node.js, Express.js, Expo.js, Vite.js, Django, ASP.NET Core

Databases: SQL, MongoDB

Tools: Git, VS Code, Flutter, Postman API, Linux, Microsoft SQL Server Management Studio, Odoo

Soft Skills: Communication, Teamwork, Leadership, Problem-solving

Languages Known: English, Hindi, Tamil, Malayalam

ACHIEVEMENTS

- JP Morgan & Chase Hackathon (Finalist):** Selected among top 500 out of 50,000+ participants; developed a comprehensive website for NGO, focusing on community impact and empowerment.
- Sustain-AI-Thon (Finalist):** Recognized for innovative AI-driven solutions focusing on SDG 13 (Climate Action).
- I Love Hackathons – Theme: Blockchainize Bharat (VIT-C) 2024 (Finalist):** Developed a healthcare app with advanced SOS alerts and interactive medical query assistance.
- WeWomen (3/4 round qualifier):** Qualified in an online experiential learning program offered by TalentSprint and Google.
- Young Scientist of the Year 2018:** Awarded by Kumari Arivial Peravai and Dr. K. Sivan (former ISRO chairman) for contributions to science and technology.
- SDG Hackathon (Finalist):** Created an application to track food wastage and optimize stock management in college messes.

CERTIFICATIONS

- AWS Certified Cloud Practitioner – Amazon
- Artificial Intelligence Job Simulation – Cognizant
- Cloud Computing – Elite – NPTEL
- Data Structures, STL, Graphs and Strings – Coursera
- Zero Trust Cloud Security – AICTE C Zscaler
- Cybersecurity Essentials – Cisco
- Foundation in Data Science – IIT-Madras
- Database Management System – Elite Badge – NPTEL
- Parallel Computer Architecture – NPTEL
- Networking Essentials – Cisco
- Introduction to Cybersecurity – Cisco
- MongoDB Basics – MongoDB University

COMPETITIVE PROGRAMMING

- 650+ Problems solved in LeetCode with highest ranking of 1764. (LeetCode ID: priyanka_l_sharma)
- 700+ Problems solved in SkillRack (SkillRack Resume ID: 436923)
- 150+ Problems solved in CodeChef with 2-star ranking (CodeChef ID: priyanka150705)
- Highest rating of 923 in CodeForces (CodeForces ID: priyanka_l_sharma)

VOLUNTARY ACTIVITY

- Regional Finalist of ICT Youth Talk 2024 organized by ICT Academy.
- Hosted the grand finale of Smart India Hackathon 2023.
- Hosted Bonfiglioli hackathon of the year 2024 September edition.
- An active organizer in the first year's induction program
- Hosted the National-Techno Symposium of the CSBS department.
- An active member of Red Friends, a blood donation campaign focusing on blood donation at times of emergency and other volunteering help during calamities like flood and pandemics.
